

TRAVEL TO GOVERNORS ISLAND

The governor's island ferry from Battery Maritime Building at Pier 11, leaves regularly on half hour increments. We recommend checking the following link (www.govisland.com/plan-your-visit/ferry), and arriving 15 minutes in advance of the ferry time. The Ferry is a short 10 minute ride and Nolan Park 14 is a 7 minute walk from the Governor's Island side ferry terminal. Please plan your boarding time accordingly.

Subway to Lower Manhattan

- From downtown Brooklyn, take the R Train from Jay St-MetroTech to Whitehall St.
